

Kit SDS Cover Sheet

Product Name: **BioKits Peanut Assay Kit**

Item No(s): **902048Q**

Transport Information: **UN3316, Chemical Kit, Class 9, PG III**

*This shipping designation is for the chemical kit as a whole. For individual components, please refer to the corresponding component SDS.*

This is a test kit that is comprised of several individual components, listed below, each of which may have its own Safety Data Sheet (SDS). If a component does not have a Safety Data Sheet included, the item falls under Hazard Communication [1910.1200(b)(6)], Articles, and does not require a Safety Data Sheet.

Kit Components:

1. Peanut multi-level standards
2. Peanut spike control
3. Biscuit crumb
4. Peanut biotin
5. Avidin peroxidase conjugate
6. K-Blue<sup>®</sup> Substrate
7. Wash solution concentrate
8. Diluent concentrate (REB), Type 8
9. Stop solution
10. Enzyme-coated plate

For further information, please contact your Neogen Corporation representative.

# SAFETY DATA SHEET

according to 29 CFR 1910.1200 and GHS

## Peanut Multi-Level Standards

Revision 0  
Revision date 2019-01-16

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

|              |                              |
|--------------|------------------------------|
| Product name | Peanut Multi-Level Standards |
| Product code | T402139Z                     |

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

|             |                                                                                                                        |
|-------------|------------------------------------------------------------------------------------------------------------------------|
| Product Use | [SU3] Industrial uses: Uses of substances as such or in preparations at industrial sites; [PC21] Laboratory chemicals; |
| Description | Intended for laboratory use only.                                                                                      |

#### 1.3. Details of the supplier of the safety data sheet

|           |                                              |
|-----------|----------------------------------------------|
| Company   | Neogen Corporation                           |
| Address   | 620 Leshner Place<br>Lansing MI 48912<br>USA |
| Web       | www.neogen.com                               |
| Telephone | 517-372-9200/800-234-5333                    |
| Email     | regulatorysupport@neogen.com                 |

#### 1.4. Emergency telephone number

|                            |                |
|----------------------------|----------------|
| Emergency telephone number | 1-800-234-5333 |
|----------------------------|----------------|

#### Further information

|             |                                                                                                                                                             |
|-------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Hotline(s): | Medical: United States (1-800-498-5743), International (1-651-523-0318).<br>Spill/CHEMTREC: United States (1-800-424-9300), International (1-703-527-3887). |
|-------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|

### SECTION 2: Hazards identification

#### 2.2. Label elements

|                   |                       |
|-------------------|-----------------------|
| Hazard Statements | No Significant Hazard |
|-------------------|-----------------------|

### SECTION 3: Composition/information on ingredients

#### 3.2. Mixtures

#### EC 1272/2008

| Chemical Name                          | Index No.    | CAS No.    | EC No.    | REACH Registration Number | Conc. (%w/w) | Classification                                                            |
|----------------------------------------|--------------|------------|-----------|---------------------------|--------------|---------------------------------------------------------------------------|
| Sodium azide (as Hydrazoic acid vapor) | 011-004-00-7 | 26628-22-8 | 247-852-1 |                           | 0 - 0.5%     | Acute Tox. 2: H300; Aquatic<br>Acute 1: H400; Aquatic<br>Chronic 1: H410; |

### SECTION 4: First aid measures

# Peanut Multi-Level Standards

Revision 0  
Revision date 2019-01-16

## 4.1. Description of first aid measures

|              |                                                                                                                    |
|--------------|--------------------------------------------------------------------------------------------------------------------|
| Inhalation   | No irritation expected. Move the exposed person to fresh air.                                                      |
| Eye contact  | Rinse immediately with plenty of water. Contact lenses should be removed.                                          |
| Skin contact | No irritation expected. Rinse immediately with plenty of water.                                                    |
| Ingestion    | DO NOT INDUCE VOMITING unless advised to do so by a doctor. Never give anything by mouth to an unconscious person. |

## 4.2. Most important symptoms and effects, both acute and delayed

|              |                                                                                   |
|--------------|-----------------------------------------------------------------------------------|
| Inhalation   | No irritation expected. Seek medical attention if irritation or symptoms persist. |
| Eye contact  | No irritation expected. Seek medical attention if irritation or symptoms persist. |
| Skin contact | No irritation expected. Seek medical attention if irritation or symptoms persist. |
| Ingestion    | If you feel unwell, seek medical advice (show the label where possible).          |

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

|  |                                                                         |
|--|-------------------------------------------------------------------------|
|  | Use extinguishing media appropriate to the surrounding fire conditions. |
|--|-------------------------------------------------------------------------|

### 5.2. Special hazards arising from the substance or mixture

|  |                                                                                                        |
|--|--------------------------------------------------------------------------------------------------------|
|  | This product is not flammable. Use extinguishing media appropriate to the surrounding fire conditions. |
|--|--------------------------------------------------------------------------------------------------------|

### 5.3. Advice for firefighters

|  |                                                     |
|--|-----------------------------------------------------|
|  | Wear suitable respiratory equipment when necessary. |
|--|-----------------------------------------------------|

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

|  |                                                                                                                                    |
|--|------------------------------------------------------------------------------------------------------------------------------------|
|  | Adopt best Manual Handling considerations when handling, carrying and dispensing. Ensure adequate ventilation of the working area. |
|--|------------------------------------------------------------------------------------------------------------------------------------|

### 6.2. Environmental precautions

|  |                                                                                        |
|--|----------------------------------------------------------------------------------------|
|  | Prevent further spillage if safe. Clean spillage area thoroughly with plenty of water. |
|--|----------------------------------------------------------------------------------------|

### 6.3. Methods and material for containment and cleaning up

|  |                                                                                                                                   |
|--|-----------------------------------------------------------------------------------------------------------------------------------|
|  | Absorb spillage to prevent material damage. Clean spillage area thoroughly with plenty of water. Do not flush into surface water. |
|--|-----------------------------------------------------------------------------------------------------------------------------------|

### 6.4. Reference to other sections

|  |                                                |
|--|------------------------------------------------|
|  | See section 2, 8 & 13 for further information. |
|--|------------------------------------------------|

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

|  |                                                                                                                                                                                                                                       |
|--|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  | Adopt best Manual Handling considerations when handling, carrying and dispensing. Avoid contact with eyes. Do not eat, drink or smoke in areas where this product is used or stored. Ensure adequate ventilation of the working area. |
|--|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

### 7.2. Conditions for safe storage, including any incompatibilities

|  |                                                                                        |
|--|----------------------------------------------------------------------------------------|
|  | Keep refrigerated. Keep container tightly closed. Keep only in the original container. |
|--|----------------------------------------------------------------------------------------|

### 7.3. Specific end use(s)

|  |                                          |
|--|------------------------------------------|
|  | See Section 1.2 for further information. |
|--|------------------------------------------|

## SECTION 8: Exposure controls/personal protection

## Peanut Multi-Level Standards

Revision 0  
Revision date 2019-01-16

## 8.2. Exposure controls

|                                   |                                                                                   |
|-----------------------------------|-----------------------------------------------------------------------------------|
|                                   |  |
| Appropriate engineering controls  | Ensure adequate ventilation of the working area.                                  |
| Individual protection measures    | Use as appropriate: Protective clothing.                                          |
| Eye / face protection             | Use as appropriate: Suitable eye protection.                                      |
| Skin protection - Hand protection | Use as appropriate: Chemical resistant gloves.                                    |
| Respiratory protection            | In case of insufficient ventilation, wear suitable respiratory equipment.         |
| Occupational exposure controls    | Keep away from food, drink and animal feed and/ or feed products.                 |

## SECTION 9: Physical and chemical properties

## 9.1. Information on basic physical and chemical properties

|                                 |                   |
|---------------------------------|-------------------|
| <b>State</b>                    | Liquid            |
| <b>Color</b>                    | Clear             |
| <b>Odor</b>                     | Odorless/Slight   |
| <b>Odour threshold</b>          | No data available |
| <b>pH</b>                       | No data available |
| <b>Melting point</b>            | No data available |
| <b>Freezing Point</b>           | No data available |
| <b>Boiling point</b>            | No data available |
| <b>Flash point</b>              | No data available |
| <b>Evaporation rate</b>         | No data available |
| <b>Flammability limits</b>      | Not applicable.   |
| <b>Vapor pressure</b>           | No data available |
| <b>Vapor density</b>            | No data available |
| <b>Relative density</b>         | No data available |
| <b>Partition coefficient</b>    | No data available |
| <b>Autoignition temperature</b> | No data available |
| <b>Viscosity</b>                | No data available |
| <b>Explosive properties</b>     | Not applicable.   |
| <b>Oxidising properties</b>     | Not applicable.   |
| <b>Solubility</b>               | Soluble in water  |

## 9.2. Other information

|                                         |                   |
|-----------------------------------------|-------------------|
| <b>VOC (Volatile organic compounds)</b> | No data available |
|-----------------------------------------|-------------------|

## SECTION 10: Stability and reactivity

## 10.1. Reactivity

|  |                                 |
|--|---------------------------------|
|  | Stable under normal conditions. |
|--|---------------------------------|

## 10.2. Chemical stability

|  |                                 |
|--|---------------------------------|
|  | Stable under normal conditions. |
|--|---------------------------------|

## Peanut Multi-Level Standards

Revision 0  
Revision date 2019-01-16

## 10.3. Possibility of hazardous reactions

No Significant Hazard.

## 10.4. Conditions to avoid

Keep away from heat.

## 10.5. Incompatible materials

No data available.

## 10.6. Hazardous decomposition products

Carbon oxides.

**SECTION 11: Toxicological information**

## 11.1. Information on toxicological effects

|                                |                                                                                                                                                                                                                                                                          |
|--------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Acute toxicity                 | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Skin corrosion/irritation      | No irritation expected.                                                                                                                                                                                                                                                  |
| Serious eye damage/irritation  | No irritation expected.                                                                                                                                                                                                                                                  |
| Germ cell mutagenicity         | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Carcinogenicity                | Not found to be a potential carcinogen in the International Agency for Research on Cancer (IARC) Monographs, Volumes 1-112.<br>Not listed in the National Toxicology Program (NTP) 13th Report on Carcinogens.<br>Not listed in the OSHA standard 1910.1003 Carcinogens. |
| Reproductive toxicity          | No Significant Hazard.                                                                                                                                                                                                                                                   |
| STOT-single exposure           | No Significant Hazard.                                                                                                                                                                                                                                                   |
| STOT-repeated exposure         | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Aspiration hazard              | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Repeated or prolonged exposure | Avoid prolonged or repeated exposure.                                                                                                                                                                                                                                    |

## 11.1.2. Mixtures

Caution - substance not yet fully tested.

**SECTION 12: Ecological information**

## 12.2. Persistence and degradability

No data is available on this product.

## 12.3. Bioaccumulative potential

No data is available on this product.

## Partition coefficient

Peanut Multi-Level Standards No data available

## 12.4. Mobility in soil

No data is available on this product.

## 12.5. Results of PBT and vPvB assessment

No data is available on this product.

## 12.6. Other adverse effects

Caution - substance not yet fully tested.

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

Dispose of in compliance with all. local and national regulations.

### Disposal methods

Dispose of in compliance with all. local and national regulations.

### Disposal of packaging

Dispose of in compliance with all. local and national regulations.

## SECTION 14: Transport information

### 14.1. UN number

The product is not classified as dangerous for carriage.

### 14.2. UN proper shipping name

The product is not classified as dangerous for carriage.

### 14.3. Transport hazard class(es)

The product is not classified as dangerous for carriage.

### 14.4. Packing group

The product is not classified as dangerous for carriage.

### 14.5. Environmental hazards

The product is not classified as dangerous for carriage.

### 14.6. Special precautions for user

The product is not classified as dangerous for carriage.

### 14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

The product is not classified as dangerous for carriage.

## SECTION 15: Regulatory information

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

# SAFETY DATA SHEET

according to 29 CFR 1910.1200 and GHS

Page 1/7

## Peanut Spike Control

Revision 0  
Revision date 2019-01-16

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

|              |                      |
|--------------|----------------------|
| Product name | Peanut Spike Control |
| Product code | T402344R             |

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

|             |                                                                                                                        |
|-------------|------------------------------------------------------------------------------------------------------------------------|
| Product Use | [SU3] Industrial uses: Uses of substances as such or in preparations at industrial sites; [PC21] Laboratory chemicals; |
| Description | Intended for laboratory use only.                                                                                      |

#### 1.3. Details of the supplier of the safety data sheet

|           |                                              |
|-----------|----------------------------------------------|
| Company   | Neogen Corporation                           |
| Address   | 620 Leshler Place<br>Lansing MI 48912<br>USA |
| Web       | www.neogen.com                               |
| Telephone | 517-372-9200/800-234-5333                    |
| Email     | regulatorysupport@neogen.com                 |

#### 1.4. Emergency telephone number

|                            |                |
|----------------------------|----------------|
| Emergency telephone number | 1-800-234-5333 |
|----------------------------|----------------|

#### Further information

|             |                                                                                                                                                             |
|-------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Hotline(s): | Medical: United States (1-800-498-5743), International (1-651-523-0318).<br>Spill/CHEMTREC: United States (1-800-424-9300), International (1-703-527-3887). |
|-------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|

### SECTION 2: Hazards identification

#### 2.2. Label elements

|                   |                       |
|-------------------|-----------------------|
| Hazard Statements | No Significant Hazard |
|-------------------|-----------------------|

### SECTION 3: Composition/information on ingredients

#### Description

No components need to be disclosed according to the applicable regulations.

### SECTION 4: First aid measures

#### 4.1. Description of first aid measures

|              |                                                                           |
|--------------|---------------------------------------------------------------------------|
| Inhalation   | No irritation expected. Move the exposed person to fresh air.             |
| Eye contact  | Rinse immediately with plenty of water. Contact lenses should be removed. |
| Skin contact | No irritation expected. Rinse immediately with plenty of water.           |

# Peanut Spike Control

Revision 0  
Revision date 2019-01-16

## 4.1. Description of first aid measures

|           |                                                                                                                    |
|-----------|--------------------------------------------------------------------------------------------------------------------|
| Ingestion | DO NOT INDUCE VOMITING unless advised to do so by a doctor. Never give anything by mouth to an unconscious person. |
|-----------|--------------------------------------------------------------------------------------------------------------------|

## 4.2. Most important symptoms and effects, both acute and delayed

|              |                                                                                   |
|--------------|-----------------------------------------------------------------------------------|
| Inhalation   | No irritation expected. Seek medical attention if irritation or symptoms persist. |
| Eye contact  | No irritation expected. Seek medical attention if irritation or symptoms persist. |
| Skin contact | No irritation expected. Seek medical attention if irritation or symptoms persist. |
| Ingestion    | If you feel unwell, seek medical advice (show the label where possible).          |

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

|  |                                                                         |
|--|-------------------------------------------------------------------------|
|  | Use extinguishing media appropriate to the surrounding fire conditions. |
|--|-------------------------------------------------------------------------|

### 5.2. Special hazards arising from the substance or mixture

|  |                                                                                                        |
|--|--------------------------------------------------------------------------------------------------------|
|  | This product is not flammable. Use extinguishing media appropriate to the surrounding fire conditions. |
|--|--------------------------------------------------------------------------------------------------------|

### 5.3. Advice for firefighters

|  |                                                     |
|--|-----------------------------------------------------|
|  | Wear suitable respiratory equipment when necessary. |
|--|-----------------------------------------------------|

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

|  |                                                                                                                                    |
|--|------------------------------------------------------------------------------------------------------------------------------------|
|  | Adopt best Manual Handling considerations when handling, carrying and dispensing. Ensure adequate ventilation of the working area. |
|--|------------------------------------------------------------------------------------------------------------------------------------|

### 6.2. Environmental precautions

|  |                                                                                        |
|--|----------------------------------------------------------------------------------------|
|  | Prevent further spillage if safe. Clean spillage area thoroughly with plenty of water. |
|--|----------------------------------------------------------------------------------------|

### 6.3. Methods and material for containment and cleaning up

|  |                                                                                                                                   |
|--|-----------------------------------------------------------------------------------------------------------------------------------|
|  | Absorb spillage to prevent material damage. Clean spillage area thoroughly with plenty of water. Do not flush into surface water. |
|--|-----------------------------------------------------------------------------------------------------------------------------------|

### 6.4. Reference to other sections

|  |                                                |
|--|------------------------------------------------|
|  | See section 2, 8 & 13 for further information. |
|--|------------------------------------------------|

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

|  |                                                                                                                                                                                                                                       |
|--|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  | Adopt best Manual Handling considerations when handling, carrying and dispensing. Avoid contact with eyes. Do not eat, drink or smoke in areas where this product is used or stored. Ensure adequate ventilation of the working area. |
|--|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

### 7.2. Conditions for safe storage, including any incompatibilities

|  |                                                                                        |
|--|----------------------------------------------------------------------------------------|
|  | Keep refrigerated. Keep container tightly closed. Keep only in the original container. |
|--|----------------------------------------------------------------------------------------|

### 7.3. Specific end use(s)

|  |                                          |
|--|------------------------------------------|
|  | See Section 1.2 for further information. |
|--|------------------------------------------|

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

## Exposure Limit Values

## 8.2. Exposure controls

|                                   |                                                                                   |
|-----------------------------------|-----------------------------------------------------------------------------------|
|                                   |  |
| Appropriate engineering controls  | Ensure adequate ventilation of the working area.                                  |
| Individual protection measures    | Use as appropriate: Protective clothing.                                          |
| Eye / face protection             | Use as appropriate: Suitable eye protection.                                      |
| Skin protection - Hand protection | Use as appropriate: Chemical resistant gloves.                                    |
| Respiratory protection            | In case of insufficient ventilation, wear suitable respiratory equipment.         |
| Occupational exposure controls    | Keep away from food, drink and animal feed and/ or feed products.                 |

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

## Peanut Spike Control

Revision 0  
Revision date 2019-01-16

## 9.1. Information on basic physical and chemical properties

|                                 |                   |
|---------------------------------|-------------------|
| <b>State</b>                    | Liquid            |
| <b>Color</b>                    | Clear             |
| <b>Odor</b>                     | Odorless/Slight   |
| <b>Odour threshold</b>          | No data available |
| <b>pH</b>                       | No data available |
| <b>Melting point</b>            | No data available |
| <b>Freezing Point</b>           | No data available |
| <b>Boiling point</b>            | No data available |
| <b>Flash point</b>              | No data available |
| <b>Evaporation rate</b>         | No data available |
| <b>Flammability limits</b>      | Not applicable.   |
| <b>Vapor pressure</b>           | No data available |
| <b>Vapor density</b>            | No data available |
| <b>Relative density</b>         | No data available |
| <b>Partition coefficient</b>    | No data available |
| <b>Autoignition temperature</b> | No data available |
| <b>Viscosity</b>                | No data available |
| <b>Explosive properties</b>     | Not applicable.   |
| <b>Oxidising properties</b>     | Not applicable.   |
| <b>Solubility</b>               | Soluble in water  |

## 9.2. Other information

|                                         |                   |
|-----------------------------------------|-------------------|
| <b>VOC (Volatile organic compounds)</b> | No data available |
|-----------------------------------------|-------------------|

## SECTION 10: Stability and reactivity

## 10.1. Reactivity

|  |                                 |
|--|---------------------------------|
|  | Stable under normal conditions. |
|--|---------------------------------|

## 10.2. Chemical stability

|  |                                 |
|--|---------------------------------|
|  | Stable under normal conditions. |
|--|---------------------------------|

## 10.3. Possibility of hazardous reactions

|  |                        |
|--|------------------------|
|  | No Significant Hazard. |
|--|------------------------|

## 10.4. Conditions to avoid

|  |                      |
|--|----------------------|
|  | Keep away from heat. |
|--|----------------------|

## 10.5. Incompatible materials

|  |                    |
|--|--------------------|
|  | No data available. |
|--|--------------------|

## 10.6. Hazardous decomposition products

|  |                |
|--|----------------|
|  | Carbon oxides. |
|--|----------------|

## SECTION 11: Toxicological information

## 11.1. Information on toxicological effects

|                                      |                         |
|--------------------------------------|-------------------------|
| <b>Acute toxicity</b>                | No Significant Hazard.  |
| <b>Skin corrosion/irritation</b>     | No irritation expected. |
| <b>Serious eye damage/irritation</b> | No irritation expected. |

## 11.1. Information on toxicological effects

|                                |                                                                                                                                                                                                                                                                          |
|--------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Germ cell mutagenicity         | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Carcinogenicity                | Not found to be a potential carcinogen in the International Agency for Research on Cancer (IARC) Monographs, Volumes 1-112.<br>Not listed in the National Toxicology Program (NTP) 13th Report on Carcinogens.<br>Not listed in the OSHA standard 1910.1003 Carcinogens. |
| Reproductive toxicity          | No Significant Hazard.                                                                                                                                                                                                                                                   |
| STOT-single exposure           | No Significant Hazard.                                                                                                                                                                                                                                                   |
| STOT-repeated exposure         | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Aspiration hazard              | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Repeated or prolonged exposure | Avoid prolonged or repeated exposure.                                                                                                                                                                                                                                    |

### 11.1.2. Mixtures

|  |                                           |
|--|-------------------------------------------|
|  | Caution - substance not yet fully tested. |
|--|-------------------------------------------|

### 11.1.4. Toxicological information

|            |                         |
|------------|-------------------------|
| Thimerosal | Oral Rat LD50: 75 mg/kg |
|------------|-------------------------|

## SECTION 12: Ecological information

### 12.1. Toxicity

|            |                                |
|------------|--------------------------------|
| Thimerosal | Daphnia EC50/48h: 21.2000 mg/l |
|------------|--------------------------------|

### 12.2. Persistence and degradability

|  |                                       |
|--|---------------------------------------|
|  | No data is available on this product. |
|--|---------------------------------------|

### 12.3. Bioaccumulative potential

|  |                                       |
|--|---------------------------------------|
|  | No data is available on this product. |
|--|---------------------------------------|

### Partition coefficient

|  |                                        |                              |
|--|----------------------------------------|------------------------------|
|  | Peanut Spike Control No data available | Thimerosal No data available |
|--|----------------------------------------|------------------------------|

### 12.4. Mobility in soil

|  |                                       |
|--|---------------------------------------|
|  | No data is available on this product. |
|--|---------------------------------------|

### 12.5. Results of PBT and vPvB assessment

|  |                                       |
|--|---------------------------------------|
|  | No data is available on this product. |
|--|---------------------------------------|

### 12.6. Other adverse effects

|  |                                           |
|--|-------------------------------------------|
|  | Caution - substance not yet fully tested. |
|--|-------------------------------------------|

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

|  |                                                                    |
|--|--------------------------------------------------------------------|
|  | Dispose of in compliance with all. local and national regulations. |
|--|--------------------------------------------------------------------|

### Disposal methods

|  |                                                                    |
|--|--------------------------------------------------------------------|
|  | Dispose of in compliance with all. local and national regulations. |
|--|--------------------------------------------------------------------|

### Disposal of packaging

|  |                                                                    |
|--|--------------------------------------------------------------------|
|  | Dispose of in compliance with all. local and national regulations. |
|--|--------------------------------------------------------------------|

## SECTION 14: Transport information

### 14.1. UN number

The product is not classified as dangerous for carriage.

### 14.2. UN proper shipping name

The product is not classified as dangerous for carriage.

### 14.3. Transport hazard class(es)

The product is not classified as dangerous for carriage.

### 14.4. Packing group

The product is not classified as dangerous for carriage.

### 14.5. Environmental hazards

The product is not classified as dangerous for carriage.

### 14.6. Special precautions for user

The product is not classified as dangerous for carriage.

### 14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

The product is not classified as dangerous for carriage.

## SECTION 15: Regulatory information

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

#### Regulations

Hazard Communication Standard: 29 Code of Federal Regulations 1910.1200: Occupational Safety and Health Standards: Z: Toxic and Hazardous Substances: Hazard Communication.

All chemicals in this product are TSCA listed or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory. TSCA - United States Toxic Substances Control Act Section 8(b) Inventory.

#### US State Regulations:

New Jersey Right-to-Know Hazardous Substance List:  
This material contains no reportable components

Pennsylvania Right-to-Know Hazardous Substance List:  
This material contains no reportable components.

Rhode Island Right-to-Know Hazardous Substance List:  
This material contains no reportable components.

#### California Prop 65:

WARNING: Reproductive effects - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

#### Inventories

## Biscuit Crumb

Revision 0  
Revision date 2019-01-16

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

|              |               |
|--------------|---------------|
| Product name | Biscuit Crumb |
| Product code | T501101Z      |

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

|             |                                                                                                                        |
|-------------|------------------------------------------------------------------------------------------------------------------------|
| Product Use | [SU3] Industrial uses: Uses of substances as such or in preparations at industrial sites; [PC21] Laboratory chemicals; |
| Description | Intended for laboratory use only.                                                                                      |

#### 1.3. Details of the supplier of the safety data sheet

|           |                                              |
|-----------|----------------------------------------------|
| Company   | Neogen Corporation                           |
| Address   | 620 Leshler Place<br>Lansing MI 48912<br>USA |
| Web       | www.neogen.com                               |
| Telephone | 517-372-9200/800-234-5333                    |
| Email     | regulatorysupport@neogen.com                 |

#### 1.4. Emergency telephone number

|                            |                |

Revision 0  
Revision date 2019-01-16

## 4.1. Description of first aid measures

|           |                                                                                                                    |
|-----------|--------------------------------------------------------------------------------------------------------------------|
| Ingestion | DO NOT INDUCE VOMITING unless advised to do so by a doctor. Never give anything by mouth to an unconscious person. |
|-----------|--------------------------------------------------------------------------------------------------------------------|

## 4.2. Most important symptoms and effects, both acute and delayed

|              |                                                                                   |
|--------------|-----------------------------------------------------------------------------------|
| Inhalation   | No irritation expected. Seek medical attention if irritation or symptoms persist. |
| Eye contact  | No irritation expected. Seek medical attention if irritation or symptoms persist. |
| Skin contact | No irritation expected. Seek medical attention if irritation or symptoms persist. |
| Ingestion    | If you feel unwell, seek medical advice (show the label where possible).          |

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

|  |                                                                         |
|--|-------------------------------------------------------------------------|
|  | Use extinguishing media appropriate to the surrounding fire conditions. |
|--|-------------------------------------------------------------------------|

### 5.2. Special hazards arising from the substance or mixture

|  |                                                                                                        |
|--|--------------------------------------------------------------------------------------------------------|
|  | This product is not flammable. Use extinguishing media appropriate to the surrounding fire conditions. |
|--|--------------------------------------------------------------------------------------------------------|

### 5.3. Advice for firefighters

|  |                                                     |
|--|-----------------------------------------------------|
|  | Wear suitable respiratory equipment when necessary. |
|--|-----------------------------------------------------|

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

|  |                                                                                                                                    |
|--|------------------------------------------------------------------------------------------------------------------------------------|
|  | Adopt best Manual Handling considerations when handling, carrying and dispensing. Ensure adequate ventilation of the working area. |
|--|------------------------------------------------------------------------------------------------------------------------------------|

### 6.2. Environmental precautions

|  |                                                                                        |
|--|----------------------------------------------------------------------------------------|
|  | Prevent further spillage if safe. Clean spillage area thoroughly with plenty of water. |
|--|----------------------------------------------------------------------------------------|

### 6.3. Methods and material for containment and cleaning up

|  |                                                                                                                                   |
|--|-----------------------------------------------------------------------------------------------------------------------------------|
|  | Absorb spillage to prevent material damage. Clean spillage area thoroughly with plenty of water. Do not flush into surface water. |
|--|-----------------------------------------------------------------------------------------------------------------------------------|

### 6.4. Reference to other sections

|  |                                                |
|--|------------------------------------------------|
|  | See section 2, 8 & 13 for further information. |
|--|------------------------------------------------|

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

|  |                                                                                                                                                                                                                                       |
|--|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  | Adopt best Manual Handling considerations when handling, carrying and dispensing. Avoid contact with eyes. Do not eat, drink or smoke in areas where this product is used or stored. Ensure adequate ventilation of the working area. |
|--|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

### 7.2. Conditions for safe storage, including any incompatibilities

|  |                                                                                        |
|--|----------------------------------------------------------------------------------------|
|  | Keep refrigerated. Keep container tightly closed. Keep only in the original container. |
|--|----------------------------------------------------------------------------------------|

### 7.3. Specific end use(s)

|  |                                          |
|--|------------------------------------------|
|  | See Section 1.2 for further information. |
|--|------------------------------------------|

## SECTION 8: Exposure controls/personal protection

### 8.2. Exposure controls

|                                  |                                                  |
|----------------------------------|--------------------------------------------------|
| Appropriate engineering controls | Ensure adequate ventilation of the working area. |
|----------------------------------|--------------------------------------------------|

## Biscuit Crumb

Revision 0  
Revision date 2019-01-16

## 8.2. Exposure controls

|                                   |                                                                           |
|-----------------------------------|---------------------------------------------------------------------------|
| Individual protection measures    | Use as appropriate: Protective clothing.                                  |
| Eye / face protection             | Use as appropriate: Suitable eye protection.                              |
| Skin protection - Hand protection | Use as appropriate: Chemical resistant gloves.                            |
| Respiratory protection            | In case of insufficient ventilation, wear suitable respiratory equipment. |
| Occupational exposure controls    | Keep away from food, drink and animal feed and/ or feed products.         |

## SECTION 9: Physical and chemical properties

## 9.1. Information on basic physical and chemical properties

|                          |                   |
|--------------------------|-------------------|
| State                    | Solid             |
| Color                    | Off white/Beige   |
| Odor                     | Odorless/Slight   |
| Odour threshold          | No data available |
| pH                       | No data available |
| Melting point            | Not applicable.   |
| Freezing Point           | No data available |
| Boiling point            | Not applicable.   |
| Flash point              | No data available |
| Flammability limits      | No data available |
| Vapor pressure           | No data available |
| Vapor density            | No data available |
| Relative density         | No data available |
| Autoignition temperature | No data available |
| Explosive properties     | Not applicable.   |
| Oxidising properties     | Not applicable.   |
| Solubility               | No data available |

## 9.2. Other information

|                                  |       |
|----------------------------------|-------|
| VOC (Volatile organic compounds) | 0 g/l |
|----------------------------------|-------|

## SECTION 10: Stability and reactivity

## 10.1. Reactivity

|  |                                 |
|--|---------------------------------|
|  | Stable under normal conditions. |
|--|---------------------------------|

## 10.2. Chemical stability

|  |                                 |
|--|---------------------------------|
|  | Stable under normal conditions. |
|--|---------------------------------|

## 10.3. Possibility of hazardous reactions

|  |                        |
|--|------------------------|
|  | No Significant Hazard. |
|--|------------------------|

## 10.4. Conditions to avoid

|  |                      |
|--|----------------------|
|  | Keep away from heat. |
|--|----------------------|

## 10.5. Incompatible materials

|  |                    |
|--|--------------------|
|  | No data available. |
|--|--------------------|

## 10.6. Hazardous decomposition products

|  |                |
|--|----------------|
|  | Carbon oxides. |
|--|----------------|

## SECTION 11: Toxicological information

### 11.1. Information on toxicological effects

|                                |                                                                                                                                                                                                                                                                          |
|--------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Acute toxicity                 | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Skin corrosion/irritation      | No irritation expected.                                                                                                                                                                                                                                                  |
| Serious eye damage/irritation  | No irritation expected.                                                                                                                                                                                                                                                  |
| Germ cell mutagenicity         | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Carcinogenicity                | Not found to be a potential carcinogen in the International Agency for Research on Cancer (IARC) Monographs, Volumes 1-112.<br>Not listed in the National Toxicology Program (NTP) 13th Report on Carcinogens.<br>Not listed in the OSHA standard 1910.1003 Carcinogens. |
| Reproductive toxicity          | No Significant Hazard.                                                                                                                                                                                                                                                   |
| STOT-single exposure           | No Significant Hazard.                                                                                                                                                                                                                                                   |
| STOT-repeated exposure         | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Aspiration hazard              | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Repeated or prolonged exposure | Avoid prolonged or repeated exposure.                                                                                                                                                                                                                                    |

### 11.1.2. Mixtures

|  |                                           |
|--|-------------------------------------------|
|  | Caution - substance not yet fully tested. |
|--|-------------------------------------------|

### 11.1.4. Toxicological information

|  |                   |
|--|-------------------|
|  | No data available |
|--|-------------------|

## SECTION 12: Ecological information

### 12.1. Toxicity

|  |                   |
|--|-------------------|
|  | No data available |
|--|-------------------|

### 12.2. Persistence and degradability

|  |                                       |
|--|---------------------------------------|
|  | No data is available on this product. |
|--|---------------------------------------|

### 12.3. Bioaccumulative potential

|  |                                       |
|--|---------------------------------------|
|  | No data is available on this product. |
|--|---------------------------------------|

### 12.4. Mobility in soil

|  |                                       |
|--|---------------------------------------|
|  | No data is available on this product. |
|--|---------------------------------------|

### 12.5. Results of PBT and vPvB assessment

|  |                                       |
|--|---------------------------------------|
|  | No data is available on this product. |
|--|---------------------------------------|

### 12.6. Other adverse effects

|  |                                           |
|--|-------------------------------------------|
|  | Caution - substance not yet fully tested. |
|--|-------------------------------------------|

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

|  |                                                                    |
|--|--------------------------------------------------------------------|
|  | Dispose of in compliance with all. local and national regulations. |
|--|--------------------------------------------------------------------|

### Disposal methods

|  |                                                                    |
|--|--------------------------------------------------------------------|
|  | Dispose of in compliance with all. local and national regulations. |
|--|--------------------------------------------------------------------|

### Disposal of packaging

|  |                                                                    |
|--|--------------------------------------------------------------------|
|  | Dispose of in compliance with all. local and national regulations. |
|--|--------------------------------------------------------------------|

The product is not classified as dangerous for carriage.

**14.2. UN proper shipping name**

The product is not classified as dangerous for carriage.

**14.3. Transport hazard class(es)**

The product is not classified as dangerous for carriage.

**14.4. Packing group**

The product is not classified as dangerous for carriage.

**14.5. Environmental hazards**

The product is not classified as dangerous for carriage.

**14.6. Special precautions for user**

The product is not classified as dangerous for carriage.

**14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code**

The product is not classified as dangerous for carriage.

**SECTION 15: Regulatory information****15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture**

|                    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |

# SAFETY DATA SHEET

according to 29 CFR 1910.1200 and GHS

Page 1/6

## Peanut Biotin

Revision 0  
Revision date 2019-01-16

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

|              |               |
|--------------|---------------|
| Product name | Peanut Biotin |
| Product code | T402126       |

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

|             |                                                                                                                        |
|-------------|------------------------------------------------------------------------------------------------------------------------|
| Product Use | [SU3] Industrial uses: Uses of substances as such or in preparations at industrial sites; [PC21] Laboratory chemicals; |
| Description | Intended for laboratory use only.                                                                                      |

#### 1.3. Details of the supplier of the safety data sheet

|           |                                              |
|-----------|----------------------------------------------|
| Company   | Neogen Corporation                           |
| Address   | 620 Leshner Place<br>Lansing MI 48912<br>USA |
| Web       | www.neogen.com                               |
| Telephone | 517-372-9200/800-234-5333                    |
| Email     | regulatorysupport@neogen.com                 |

#### 1.4. Emergency telephone number

|                            |                |
|----------------------------|----------------|
| Emergency telephone number | 1-800-234-5333 |
|----------------------------|----------------|

#### Further information

|             |                                                                                                                                                             |
|-------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Hotline(s): | Medical: United States (1-800-498-5743), International (1-651-523-0318).<br>Spill/CHEMTREC: United States (1-800-424-9300), International (1-703-527-3887). |
|-------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|

### SECTION 2: Hazards identification

#### 2.2. Label elements

|                   |                       |
|-------------------|-----------------------|
| Hazard Statements | No Significant Hazard |
|-------------------|-----------------------|

### SECTION 3: Composition/information on ingredients

#### 3.2. Mixtures

#### EC 1272/2008

| Chemical Name                          | Index No.    | CAS No.    | EC No.    | REACH Registration Number | Conc. (%w/w) | Classification                                                            |
|----------------------------------------|--------------|------------|-----------|---------------------------|--------------|---------------------------------------------------------------------------|
| Sodium azide (as Hydrazoic acid vapor) | 011-004-00-7 | 26628-22-8 | 247-852-1 |                           | 0 - 0.5%     | Acute Tox. 2: H300; Aquatic<br>Acute 1: H400; Aquatic<br>Chronic 1: H410; |

#### Description

# Peanut Biotin

Revision 0  
Revision date 2019-01-16

## Description

No components need to be disclosed according to the applicable regulations.

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

|              |                                                                                                                    |
|--------------|--------------------------------------------------------------------------------------------------------------------|
| Inhalation   | No irritation expected. Move the exposed person to fresh air.                                                      |
| Eye contact  | Rinse immediately with plenty of water. Contact lenses should be removed.                                          |
| Skin contact | No irritation expected. Rinse immediately with plenty of water.                                                    |
| Ingestion    | DO NOT INDUCE VOMITING unless advised to do so by a doctor. Never give anything by mouth to an unconscious person. |

### 4.2. Most important symptoms and effects, both acute and delayed

|              |                                                                                   |
|--------------|-----------------------------------------------------------------------------------|
| Inhalation   | No irritation expected. Seek medical attention if irritation or symptoms persist. |
| Eye contact  | No irritation expected. Seek medical attention if irritation or symptoms persist. |
| Skin contact | No irritation expected. Seek medical attention if irritation or symptoms persist. |
| Ingestion    | If you feel unwell, seek medical advice (show the label where possible).          |

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

Use extinguishing media appropriate to the surrounding fire conditions.

### 5.2. Special hazards arising from the substance or mixture

This product is not flammable. Use extinguishing media appropriate to the surrounding fire conditions.

### 5.3. Advice for firefighters

Wear suitable respiratory equipment when necessary.

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

Adopt best Manual Handling considerations when handling, carrying and dispensing. Ensure adequate ventilation of the working area.

### 6.2. Environmental precautions

Prevent further spillage if safe. Clean spillage area thoroughly with plenty of water.

### 6.3. Methods and material for containment and cleaning up

Absorb spillage to prevent material damage. Clean spillage area thoroughly with plenty of water. Do not flush into surface water.

### 6.4. Reference to other sections

See section 2, 8 & 13 for further information.

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

Adopt best Manual Handling considerations when handling, carrying and dispensing. Avoid contact with eyes. Do not eat, drink or smoke in areas where this product is used or stored. Ensure adequate ventilation of the working area.

### 7.2. Conditions for safe storage, including any incompatibilities

Keep refrigerated. Keep container tightly closed. Keep only in the original container.

## Peanut Biotin

Revision 0  
Revision date 2019-01-16

## 7.3. Specific end use(s)

See Section 1.2 for further information.

## SECTION 8: Exposure controls/personal protection

## 8.2. Exposure controls

|                                   |                                                                           |
|-----------------------------------|---------------------------------------------------------------------------|
| Appropriate engineering controls  | Ensure adequate ventilation of the working area.                          |
| Individual protection measures    | Use as appropriate: Protective clothing.                                  |
| Eye / face protection             | Use as appropriate: Suitable eye protection.                              |
| Skin protection - Hand protection | Use as appropriate: Chemical resistant gloves.                            |
| Respiratory protection            | In case of insufficient ventilation, wear suitable respiratory equipment. |
| Occupational exposure controls    | Keep away from food, drink and animal feed and/ or feed products.         |

## SECTION 9: Physical and chemical properties

## 9.1. Information on basic physical and chemical properties

|                          |                   |
|--------------------------|-------------------|
| State                    | Liquid            |
| Color                    | Clear             |
| Odor                     | Odorless/Slight   |
| Odour threshold          | No data available |
| pH                       | No data available |
| Melting point            | No data available |
| Freezing Point           | No data available |
| Boiling point            | No data available |
| Flash point              | No data available |
| Evaporation rate         | No data available |
| Flammability limits      | Not applicable.   |
| Vapor pressure           | No data available |
| Vapor density            | No data available |
| Relative density         | No data available |
| Partition coefficient    | No data available |
| Autoignition temperature | No data available |
| Viscosity                | No data available |
| Explosive properties     | Not applicable.   |
| Oxidising properties     | Not applicable.   |
| Solubility               | Soluble in water  |

## 9.2. Other information

|                                  |                   |
|----------------------------------|-------------------|
| VOC (Volatile organic compounds) | No data available |
|----------------------------------|-------------------|

## SECTION 10: Stability and reactivity

## 10.1. Reactivity

Stable under normal conditions.

## 10.2. Chemical stability

Stable under normal conditions.

## Peanut Biotin

Revision 0  
Revision date 2019-01-16

## 10.3. Possibility of hazardous reactions

No Significant Hazard.

## 10.4. Conditions to avoid

Keep away from heat.

## 10.5. Incompatible materials

No data available.

## 10.6. Hazardous decomposition products

Carbon oxides.

**SECTION 11: Toxicological information**

## 11.1. Information on toxicological effects

|                                |                                                                                                                                                                                                                                                                          |
|--------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Acute toxicity                 | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Skin corrosion/irritation      | No irritation expected.                                                                                                                                                                                                                                                  |
| Serious eye damage/irritation  | No irritation expected.                                                                                                                                                                                                                                                  |
| Germ cell mutagenicity         | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Carcinogenicity                | Not found to be a potential carcinogen in the International Agency for Research on Cancer (IARC) Monographs, Volumes 1-112.<br>Not listed in the National Toxicology Program (NTP) 13th Report on Carcinogens.<br>Not listed in the OSHA standard 1910.1003 Carcinogens. |
| Reproductive toxicity          | No Significant Hazard.                                                                                                                                                                                                                                                   |
| STOT-single exposure           | No Significant Hazard.                                                                                                                                                                                                                                                   |
| STOT-repeated exposure         | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Aspiration hazard              | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Repeated or prolonged exposure | Avoid prolonged or repeated exposure.                                                                                                                                                                                                                                    |

## 11.1.2. Mixtures

Caution - substance not yet fully tested.

## 11.1.4. Toxicological information

No data available

**SECTION 12: Ecological information**

## 12.1. Toxicity

No data available

## 12.2. Persistence and degradability

No data is available on this product.

## 12.3. Bioaccumulative potential

No data is available on this product.

## Partition coefficient

Peanut Biotin No data available

## 12.4. Mobility in soil

No data is available on this product.

## Peanut Biotin

Revision date 2019-01-16

## 12.5. Results of PBT and vPvB assessment

No data is available on this product.

## 12.6. Other adverse effects

Caution - substance not yet fully tested.

**SECTION 13: Disposal considerations**

## 13.1. Waste treatment methods

Dispose of in compliance with all. local and national regulations.

## Disposal methods

Dispose of in compliance with all. local and national regulations.

## Disposal of packaging

Dispose of in compliance with all. local and national regulations.

**SECTION 14: Transport information**

## 14.1. UN number

The product is not classified as dangerous for carriage.

## 14.2. UN proper shipping name

The product is not classified as dangerous for carriage.

## 14.3. Transport hazard class(es)

The product is not classified as dangerous for carriage.

## 14.4. Packing group

The product is not classified as dangerous for carriage.

## 14.5. Environmental hazards

The product is not classified as dangerous for carriage.

## 14.6. Special precautions for user

The product is not classified as dangerous for carriage.

## 14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

The product is not classified as dangerous for carriage.

**SECTION 15: Regulatory information**

## 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

## Regulations

Hazard Communication Standard: 29 Code of Federal Regulations 1910.1200: Occupational Safety and Health Standards: Z: Toxic and Hazardous Substances: Hazard Communication.

All chemicals in this product are TSCA listed or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory. TSCA - United States Toxic Substances Control Act Section 8(b) Inventory.

## US State Regulations:

New Jersey Right-to-Know Hazardous Substance List:  
This material contains no reportable components

Pennsylvania Right-to-Know Hazardous Substance List:  
This material contains no reportable components.

## 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

Rhode Island Right-to-Know Hazardous Substance List:  
This material contains no reportable components.

California Prop 65:  
WARNING: Reproductive effects - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

## SECTION 16: Other information

### Other information

#### Text of Hazard Statements in Section 3

EUH032 - Contact with acids liberates very toxic gas.  
Acute Tox. 2: H300 - Fatal if swallowed.  
Aquatic Acute 1: H400 - Very toxic to aquatic life.  
Aquatic Chronic 1: H410 - Very toxic to aquatic life with long lasting effects.

### Further information

DISCLAIMER: The information and recommendations set forth herein ("Information") are presented in good faith and believed to be correct as of the date issued. No representation is made regarding the completeness or accuracy of the Information. Further, because of the many factors that affect the use of this product, the Information is supplied upon the condition that the person(s) receiving it will make their own determination regarding its suitability for their own unique purpose(s), prior to use.

Except as expressly stated herein, NO WARRANTIES, GUARANTEES, OR REPRESENTATIONS OF ANY KIND, EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, COURSE OF PERFORMANCE, USAGE OF TRADE, OR RESULTS TO BE OBTAINED BY USE OF THIS PRODUCT are made with respect to this product or use of this product. The product covered is furnished "as is" and only subject to the warranties herein provided, no liability is assumed resulting from the use of this product.

## Avidin Peroxidase Conjugate

Revision 0  
Revision date 2018-12-06

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

|              |                             |
|--------------|-----------------------------|
| Product name | Avidin Peroxidase Conjugate |
| Product code | T502087K                    |

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

|             |                                                                                                                        |
|-------------|------------------------------------------------------------------------------------------------------------------------|
| Product Use | [SU3] Industrial uses: Uses of substances as such or in preparations at industrial sites; [PC21] Laboratory chemicals; |
| Description | Intended for laboratory use only.                                                                                      |

#### 1.3. Details of the supplier of the safety data sheet

|           |                                              |
|-----------|----------------------------------------------|
| Company   | Neogen Corporation                           |
| Address   | 620 Leshler Place<br>Lansing MI 48912<br>USA |
| Web       | www.neogen.com                               |
| Telephone | 517-372-9200/800-234-5333                    |
| Email     | regulatorysupport@neogen.com                 |

#### 1.4. Emergency telephone number

|                            |                |
|----------------------------|----------------|
| Emergency telephone number | 1-800-234-5333 |
|----------------------------|----------------|

#### Further information

|             |                                                                                                                                                             |
|-------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Hotline(s): | Medical: United States (1-800-498-5743), International (1-651-523-0318).<br>Spill/CHEMTREC: United States (1-800-424-9300), International (1-703-527-3887). |
|-------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|

### SECTION 2: Hazards identification

#### 2.2. Label elements

|                   |                       |
|-------------------|-----------------------|
| Hazard Statements | No Significant Hazard |
|-------------------|-----------------------|

### SECTION 3: Composition/information on ingredients

#### Description

No components need to be disclosed according to the applicable regulations.

### SECTION 4: First aid measures

#### 4.1. Description of first aid measures

|              |                                                                           |
|--------------|---------------------------------------------------------------------------|
| Inhalation   | No irritation expected. Move the exposed person to fresh air.             |
| Eye contact  | Rinse immediately with plenty of water. Contact lenses should be removed. |
| Skin contact | No irritation expected. Rinse immediately with plenty of water.           |

# Avidin Peroxidase Conjugate

Revision 0  
Revision date 2018-12-06

## 4.1. Description of first aid measures

|           |                                                                                                                    |
|-----------|--------------------------------------------------------------------------------------------------------------------|
| Ingestion | DO NOT INDUCE VOMITING unless advised to do so by a doctor. Never give anything by mouth to an unconscious person. |
|-----------|--------------------------------------------------------------------------------------------------------------------|

## 4.2. Most important symptoms and effects, both acute and delayed

|              |                                                                                   |
|--------------|-----------------------------------------------------------------------------------|
| Inhalation   | No irritation expected. Seek medical attention if irritation or symptoms persist. |
| Eye contact  | No irritation expected. Seek medical attention if irritation or symptoms persist. |
| Skin contact | No irritation expected. Seek medical attention if irritation or symptoms persist. |
| Ingestion    | If you feel unwell, seek medical advice (show the label where possible).          |

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

|  |                                                                         |
|--|-------------------------------------------------------------------------|
|  | Use extinguishing media appropriate to the surrounding fire conditions. |
|--|-------------------------------------------------------------------------|

### 5.2. Special hazards arising from the substance or mixture

|  |                                                                                                        |
|--|--------------------------------------------------------------------------------------------------------|
|  | This product is not flammable. Use extinguishing media appropriate to the surrounding fire conditions. |
|--|--------------------------------------------------------------------------------------------------------|

### 5.3. Advice for firefighters

|  |                                                     |
|--|-----------------------------------------------------|
|  | Wear suitable respiratory equipment when necessary. |
|--|-----------------------------------------------------|

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

|  |                                                                                                                                    |
|--|------------------------------------------------------------------------------------------------------------------------------------|
|  | Adopt best Manual Handling considerations when handling, carrying and dispensing. Ensure adequate ventilation of the working area. |
|--|------------------------------------------------------------------------------------------------------------------------------------|

### 6.2. Environmental precautions

|  |                                                                                        |
|--|----------------------------------------------------------------------------------------|
|  | Prevent further spillage if safe. Clean spillage area thoroughly with plenty of water. |
|--|----------------------------------------------------------------------------------------|

### 6.3. Methods and material for containment and cleaning up

|  |                                                                                                                                   |
|--|-----------------------------------------------------------------------------------------------------------------------------------|
|  | Absorb spillage to prevent material damage. Clean spillage area thoroughly with plenty of water. Do not flush into surface water. |
|--|-----------------------------------------------------------------------------------------------------------------------------------|

### 6.4. Reference to other sections

|  |                                                |
|--|------------------------------------------------|
|  | See section 2, 8 & 13 for further information. |
|--|------------------------------------------------|

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

|  |                                                                                                                                                                                                                                       |
|--|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  | Adopt best Manual Handling considerations when handling, carrying and dispensing. Avoid contact with eyes. Do not eat, drink or smoke in areas where this product is used or stored. Ensure adequate ventilation of the working area. |
|--|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

### 7.2. Conditions for safe storage, including any incompatibilities

|  |                                                                                        |
|--|----------------------------------------------------------------------------------------|
|  | Keep refrigerated. Keep container tightly closed. Keep only in the original container. |
|--|----------------------------------------------------------------------------------------|

### 7.3. Specific end use(s)

|  |                                          |
|--|------------------------------------------|
|  | See Section 1.2 for further information. |
|--|------------------------------------------|

## SECTION 8: Exposure controls/personal protection

### 8.2. Exposure controls

# Avidin Peroxidase Conjugate

Revision 0  
Revision date 2018-12-06

## 8.2. Exposure controls

|                                   |                                                                                   |
|-----------------------------------|-----------------------------------------------------------------------------------|
|                                   |  |
| Appropriate engineering controls  | Ensure adequate ventilation of the working area.                                  |
| Individual protection measures    | Use as appropriate: Protective clothing.                                          |
| Eye / face protection             | Use as appropriate: Suitable eye protection.                                      |
| Skin protection - Hand protection | Use as appropriate: Chemical resistant gloves.                                    |
| Respiratory protection            | In case of insufficient ventilation, wear suitable respiratory equipment.         |
| Occupational exposure controls    | Keep away from food, drink and animal feed and/ or feed products.                 |

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

|                                 |                   |
|---------------------------------|-------------------|
| <b>State</b>                    | Liquid            |
| <b>Color</b>                    | Clear             |
| <b>Odor</b>                     | Odorless/Slight   |
| <b>Odour threshold</b>          | No data available |
| <b>pH</b>                       | No data available |
| <b>Melting point</b>            | No data available |
| <b>Freezing Point</b>           | No data available |
| <b>Boiling point</b>            | No data available |
| <b>Flash point</b>              | No data available |
| <b>Evaporation rate</b>         | No data available |
| <b>Flammability limits</b>      | Not applicable.   |
| <b>Vapor pressure</b>           | No data available |
| <b>Vapor density</b>            | No data available |
| <b>Relative density</b>         | No data available |
| <b>Partition coefficient</b>    | No data available |
| <b>Autoignition temperature</b> | No data available |
| <b>Viscosity</b>                | No data available |
| <b>Explosive properties</b>     | Not applicable.   |
| <b>Oxidising properties</b>     | Not applicable.   |
| <b>Solubility</b>               | Soluble in water  |

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

|  |                                 |
|--|---------------------------------|
|  | Stable under normal conditions. |
|--|---------------------------------|

### 10.2. Chemical stability

|  |                                 |
|--|---------------------------------|
|  | Stable under normal conditions. |
|--|---------------------------------|

### 10.3. Possibility of hazardous reactions

|  |                        |
|--|------------------------|
|  | No Significant Hazard. |
|--|------------------------|

### 10.4. Conditions to avoid

|  |  |
|--|--|
|  |  |
|--|--|

# Avidin Peroxidase Conjugate

Revision 0  
Revision date 2018-12-06

## 10.4. Conditions to avoid

|  |                      |
|--|----------------------|
|  | Keep away from heat. |
|--|----------------------|

## 10.5. Incompatible materials

|  |                    |
|--|--------------------|
|  | No data available. |
|--|--------------------|

## 10.6. Hazardous decomposition products

|  |                |
|--|----------------|
|  | Carbon oxides. |
|--|----------------|

## SECTION 11: Toxicological information

### 11.1. Information on toxicological effects

|                                |                                                                                                                                                                                                                                                                          |
|--------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Acute toxicity                 | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Skin corrosion/irritation      | No irritation expected.                                                                                                                                                                                                                                                  |
| Serious eye damage/irritation  | No irritation expected.                                                                                                                                                                                                                                                  |
| Germ cell mutagenicity         | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Carcinogenicity                | Not found to be a potential carcinogen in the International Agency for Research on Cancer (IARC) Monographs, Volumes 1-112.<br>Not listed in the National Toxicology Program (NTP) 13th Report on Carcinogens.<br>Not listed in the OSHA standard 1910.1003 Carcinogens. |
| Reproductive toxicity          | No Significant Hazard.                                                                                                                                                                                                                                                   |
| STOT-single exposure           | No Significant Hazard.                                                                                                                                                                                                                                                   |
| STOT-repeated exposure         | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Aspiration hazard              | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Repeated or prolonged exposure | Avoid prolonged or repeated exposure.                                                                                                                                                                                                                                    |

### 11.1.2. Mixtures

|  |                                           |
|--|-------------------------------------------|
|  | Caution - substance not yet fully tested. |
|--|-------------------------------------------|

### 11.1.4. Toxicological information

|  |                   |
|--|-------------------|
|  | No data available |
|--|-------------------|

## SECTION 12: Ecological information

### 12.1. Toxicity

|  |                   |
|--|-------------------|
|  | No data available |
|--|-------------------|

### 12.2. Persistence and degradability

|  |                                       |
|--|---------------------------------------|
|  | No data is available on this product. |
|--|---------------------------------------|

### 12.3. Bioaccumulative potential

|  |                                       |
|--|---------------------------------------|
|  | No data is available on this product. |
|--|---------------------------------------|

### Partition coefficient

|  |                                                      |
|--|------------------------------------------------------|
|  | <b>Avidin Peroxidase Conjugate</b> No data available |
|--|------------------------------------------------------|

### 12.4. Mobility in soil

|  |                                       |
|--|---------------------------------------|
|  | No data is available on this product. |
|--|---------------------------------------|

### 12.5. Results of PBT and vPvB assessment

|  |                                       |
|--|---------------------------------------|
|  | No data is available on this product. |
|--|---------------------------------------|

# Avidin Peroxidase Conjugate

Revision 0  
Revision date 2018-12-06

## 12.6. Other adverse effects

Caution - substance not yet fully tested.

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

Dispose of in compliance with all. local and national regulations.

#### Disposal methods

Dispose of in compliance with all. local and national regulations.

#### Disposal of packaging

Dispose of in compliance with all. local and national regulations.

## SECTION 14: Transport information

### 14.1. UN number

The product is not classified as dangerous for carriage.

### 14.2. UN proper shipping name

The product is not classified as dangerous for carriage.

### 14.3. Transport hazard class(es)

The product is not classified as dangerous for carriage.

### 14.4. Packing group

The product is not classified as dangerous for carriage.

### 14.5. Environmental hazards

The product is not classified as dangerous for carriage.

### 14.6. Special precautions for user

The product is not classified as dangerous for carriage.

### 14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

The product is not classified as dangerous for carriage.

## SECTION 15: Regulatory information

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

#### Regulations

Hazard Communication Standard: 29 Code of Federal Regulations 1910.1200: Occupational Safety and Health Standards: Z: Toxic and Hazardous Substances: Hazard Communication.

All chemicals in this product are TSCA listed or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory. TSCA - United States Toxic Substances Control Act Section 8(b) Inventory.

#### US State Regulations:

New Jersey Right-to-Know Hazardous Substance List:  
This material contains no reportable components

Pennsylvania Right-to-Know Hazardous Substance List:  
This material contains no reportable components.

Rhode Island Right-to-Know Hazardous Substance List:  
This material contains no reportable components.

# Avidin Peroxidase Conjugate

Revision 0  
Revision date 2018-12-06

## 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

California Prop 65:  
WARNING: Reproductive effects - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

## SECTION 16: Other information

### Further information

DISCLAIMER: The information and recommendations set forth herein ("Information") are presented in good faith and believed to be correct as of the date issued. No representation is made regarding the completeness or accuracy of the Information. Further, because of the many factors that affect the use of this product, the Information is supplied upon the condition that the person(s) receiving it will make their own determination regarding its suitability for their own unique purpose(s), prior to use.

Except as expressly stated herein, NO WARRANTIES, GUARANTEES, OR REPRESENTATIONS OF ANY KIND, EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, COURSE OF PERFORMANCE, USAGE OF TRADE, OR RESULTS TO BE OBTAINED BY USE OF THIS PRODUCT are made with respect to this product or use of this product. The product covered is furnished "as is" and only subject to the warranties herein provided, no liability is assumed resulting from the use of this product.

## SAFETY DATA SHEET

according to 29 CFR 1910.1200 and GHS

Page 1/7

### K-Blue® Advanced TMB Substrate

Revision 2  
Revision date 2019-01-15

#### SECTION 1: Identification of the substance/mixture and of the company/undertaking

##### 1.1. Product identifier

|              |                                                                               |
|--------------|-------------------------------------------------------------------------------|
| Product name | K-Blue® Advanced TMB Substrate                                                |
| Product code | 319175, 319176, 319177, 319257, 319171, 319210-L, 319210, 319170-W, 319174-W. |

##### 1.2. Relevant identified uses of the substance or mixture and uses advised against

|             |                     |
|-------------|---------------------|
| Description | Substrate Solution. |
|-------------|---------------------|

##### 1.3. Details of the supplier of the safety data sheet

|           |                                              |
|-----------|----------------------------------------------|
| Company   | Neogen Corporation                           |
| Address   | 620 Leshler Place<br>Lansing MI 48912<br>USA |
| Web       | www.neogen.com                               |
| Telephone | 517-372-9200/800-234-5333                    |
| Email     | regulatorysupport@neogen.com                 |

##### 1.4. Emergency telephone number

|                            |                |
|----------------------------|----------------|
| Emergency telephone number | 1-800-234-5333 |
|----------------------------|----------------|

##### Further information

|                  |                                                                                                                                                             |
|------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Manufactured By: | Neogen Corporation<br>944 Nandino Blvd.<br>Lexington, KY 40511-1205 U.S.A.                                                                                  |
| Hotline(s):      | Medical: United States (1-800-498-5743), International (1-651-523-0318). Spill/CHEMTREC:<br>United States (1-800-424-9300), International (1-703-527-3887). |

#### SECTION 2: Hazards identification

##### 2.2. Label elements

|                   |                       |
|-------------------|-----------------------|
| Hazard Statements | No Significant Hazard |
|-------------------|-----------------------|

##### 2.3. Other hazards

|               |                                       |
|---------------|---------------------------------------|
| Other hazards | No data is available on this product. |
|---------------|---------------------------------------|

#### SECTION 3: Composition/information on ingredients

##### 3.2. Mixtures

## K-Blue® Advanced TMB Substrate

Revision 2  
Revision date 2019-01-15

## 3.2. Mixtures

## EC 1272/2008

| Chemical Name          | Index No. | CAS No.  | EC No.    | REACH Registration Number | Conc. (%w/w) | Classification                                           |
|------------------------|-----------|----------|-----------|---------------------------|--------------|----------------------------------------------------------|
| 2-Pyrrolidinone        |           | 616-45-5 | 210-483-1 |                           |              | Eye Irrit. 2: H319;                                      |
| Urea hydrogen peroxide |           | 124-43-6 | 204-701-4 |                           |              | Ox. Sol. 3: H272; Skin Corr. 1B: H314; Eye Dam. 1: H318; |

## Further information

The exact percentage (concentration) of composition has been withheld as a trade secret.

## SECTION 4: First aid measures

## 4.1. Description of first aid measures

|              |                                                                                                                   |
|--------------|-------------------------------------------------------------------------------------------------------------------|
| Inhalation   | Move the exposed person to fresh air.                                                                             |
| Eye contact  | Rinse immediately with plenty of water for 15 minutes holding the eyelids open. Contact lenses should be removed. |
| Skin contact | Remove contaminated clothing. Wash off immediately with plenty of soap and water.                                 |
| Ingestion    | DO NOT INDUCE VOMITING.                                                                                           |

## 4.2. Most important symptoms and effects, both acute and delayed

|              |                                             |
|--------------|---------------------------------------------|
| Inhalation   | May cause irritation to respiratory system. |
| Eye contact  | May cause irritation to eyes.               |
| Skin contact | May cause irritation to skin.               |
| Ingestion    | Ingestion may cause nausea and vomiting.    |

## 4.3. Indication of any immediate medical attention and special treatment needed

|              |                                                                          |
|--------------|--------------------------------------------------------------------------|
| Inhalation   | If you feel unwell, seek medical advice (show the label where possible). |
| Eye contact  | Immediate medical attention is required.                                 |
| Skin contact | Seek medical attention if irritation or symptoms persist.                |
| Ingestion    | If you feel unwell, seek medical advice (show the label where possible). |

## SECTION 5: Firefighting measures

## 5.1. Extinguishing media

Use extinguishing media appropriate to the surrounding fire conditions.

## 5.2. Special hazards arising from the substance or mixture

Burning produces irritating, toxic and obnoxious fumes.

## 5.3. Advice for firefighters

Wear suitable respiratory equipment when necessary.

## SECTION 6: Accidental release measures

## 6.1. Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation of the working area. Avoid contact with skin and eyes. Wash hands after handling the product.

## 6.2. Environmental precautions

Do not allow product to enter drains. Prevent further spillage if safe.

## 6.3. Methods and material for containment and cleaning up

Absorb with inert, absorbent material. Transfer to suitable, labelled containers for disposal. Clean

# K-Blue® Advanced TMB Substrate

Revision 2  
Revision date 2019-01-15

## 6.3. Methods and material for containment and cleaning up

spillage area thoroughly with plenty of water.

## 6.4. Reference to other sections

See section 2, 8 & 13 for further information.

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

Adopt best Manual Handling considerations when handling, carrying and dispensing. Avoid contact with eyes and skin. Ensure adequate ventilation of the working area.

### 7.2. Conditions for safe storage, including any incompatibilities

Keep containers tightly closed. Keep in a cool, dry, well ventilated area. Store in correctly labelled containers.

### 7.3. Specific end use(s)

See section 1.2 for further information.

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

Occupational exposure controls.

### 8.2. Exposure controls

Appropriate engineering controls

Ensure adequate ventilation of the working area.

Individual protection measures

Wear suitable protective clothing.

Eye / face protection

Use as appropriate: Suitable eye protection.

Skin protection - Hand protection

Use as appropriate: Chemical resistant gloves.

Skin protection - Other

Wear suitable protective clothing.

Respiratory protection

In case of insufficient ventilation, wear suitable respiratory equipment.

Occupational exposure controls

Keep away from food, drink and animal feed and/ or feed products.

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

## K-Blue® Advanced TMB Substrate

Revision 2  
Revision date 2019-01-15

## 9.1. Information on basic physical and chemical properties

|                                 |                   |

| <b>Vapor density</b>            | No data available |
| <b>Relative density</b>         | No data available |
| <b>Fat Solubility</b>           | No data available |
| <b>Partition coefficient</b>    | No data available |
| <b>Autoignition temperature</b> | No data available |
| <b>Solubility</b>               | No data available |

## 9.2. Other information

|                                         |                   |
|-----------------------------------------|-------------------|
| <b>Conductivity</b>                     | No data available |
| <b>Surface tension</b>                  | No data available |
| <b>Gas group</b>                        | No data available |
| <b>Benzene Content</b>                  | No data available |
| <b>Lead content</b>                     | No data available |
| <b>VOC (Volatile organic compounds)</b> | No data available |

## SECTION 10: Stability and reactivity

## 10.1. Reactivity

|  |                    |
|--|--------------------|
|  | No data available. |
|--|--------------------|

## 10.2. Chemical stability

|  |                                 |
|--|---------------------------------|
|  | Stable under normal conditions. |
|--|---------------------------------|

## 10.3. Possibility of hazardous reactions

|  |                    |
|--|--------------------|
|  | No data available. |
|--|--------------------|

## 10.4. Conditions to avoid

|  |                    |
|--|--------------------|
|  | No data available. |
|--|--------------------|

## 10.5. Incompatible materials

|  |                    |
|--|--------------------|
|  | No data available. |
|--|--------------------|

## 10.6. Hazardous decomposition products

|  |                                                         |
|--|---------------------------------------------------------|
|  | Burning produces irritating, toxic and obnoxious fumes. |
|--|---------------------------------------------------------|

## SECTION 11: Toxicological information

## K-Blue® Advanced TMB Substrate

Revision 2  
Revision date 2019-01-15

## 11.1. Information on toxicological effects

|                                   |                                                                                                                                                                                                                                                                          |
|-----------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Acute toxicity                    | No data available.                                                                                                                                                                                                                                                       |
| Skin corrosion/irritation         | May cause irritation to skin.                                                                                                                                                                                                                                            |
| Serious eye damage/irritation     | May cause irritation to eyes.                                                                                                                                                                                                                                            |
| Respiratory or skin sensitisation | No data available.                                                                                                                                                                                                                                                       |
| Germ cell mutagenicity            | No data available.                                                                                                                                                                                                                                                       |
| Carcinogenicity                   | Not listed in the National Toxicology Program (NTP) 13th Report on Carcinogens.<br>Not listed in the OSHA standard 1910.1003 Carcinogens.<br>Not found to be a potential carcinogen in the International Agency for Research on Cancer (IARC) Monographs, Volumes 1-112. |
| Reproductive toxicity             | No data available.                                                                                                                                                                                                                                                       |
| STOT-single exposure              | No data available.                                                                                                                                                                                                                                                       |
| STOT-repeated exposure            | No data available.                                                                                                                                                                                                                                                       |
| Aspiration hazard                 | No data available.                                                                                                                                                                                                                                                       |
| Repeated or prolonged exposure    | Avoid prolonged or repeated exposure.                                                                                                                                                                                                                                    |

## 11.1.4. Toxicological information

|  |                   |
|--|-------------------|
|  | No data available |
|--|-------------------|

## SECTION 12: Ecological information

## 12.1. Toxicity

|  |                   |
|--|-------------------|
|  | No data available |
|--|-------------------|

## 12.2. Persistence and degradability

|  |                    |
|--|--------------------|
|  | No data available. |
|--|--------------------|

## 12.3. Bioaccumulative potential

|  |                    |
|--|--------------------|
|  | No data available. |
|--|--------------------|

## Partition coefficient

|  |                                                         |
|--|---------------------------------------------------------|
|  | <b>K-Blue® Advanced TMB Substrate</b> No data available |
|--|---------------------------------------------------------|

## 12.4. Mobility in soil

|  |                    |
|--|--------------------|
|  | No data available. |
|--|--------------------|

## 12.5. Results of PBT and vPvB assessment

|  |                    |
|--|--------------------|
|  | No data available. |
|--|--------------------|

## 12.6. Other adverse effects

|  |                    |
|--|--------------------|
|  | No data available. |
|--|--------------------|

## SECTION 13: Disposal considerations

## 13.1. Waste treatment methods

|  |                                                                   |
|--|-------------------------------------------------------------------|
|  | Dispose of in compliance with all local and national regulations. |
|--|-------------------------------------------------------------------|

## Disposal methods

|  |                                            |
|--|--------------------------------------------|
|  | Contact a licensed waste disposal company. |
|--|--------------------------------------------|

## K-Blue® Advanced TMB Substrate

Revision 2  
Revision date 2019-01-15

## Disposal of packaging

Do NOT reuse empty containers. Empty containers can be sent for disposal or recycling.

## SECTION 14: Transport information

## 14.1. UN number

The product is not classified as dangerous for carriage.

## 14.2. UN proper shipping name

The product is not classified as dangerous for carriage.

## 14.3. Transport hazard class(es)

The product is not classified as dangerous for carriage.

## 14.4. Packing group

The product is not classified as dangerous for carriage.

## 14.5. Environmental hazards

The product is not classified as dangerous for carriage.

## 14.6. Special precautions for user

The product is not classified as dangerous for carriage.

No data available.

## 14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

The product is not classified as dangerous for carriage.

Not applicable.

## SECTION 15: Regulatory information

## 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

## Regulations

Hazard Communication Standard: 29 Code of Federal Regulations 1910.1200: Occupational Safety and Health Standards: Z: Toxic and Hazardous Substances: Hazard Communication.

All chemicals in this product are TSCA listed or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory. TSCA - United States Toxic Substances Control Act Section 8(b) Inventory.

## US State Regulations:

New Jersey Right-to-Know Hazardous Substance List:

2-Pyrrolidinone: Y

Pennsylvania Right-to-Know Hazardous Substance List:

2-Pyrrolidinone: Y , 1,2, Ethanediamine, N,N'-bis(2-aminoethyl):Y.

Massachusetts Right-to-Know Hazardous Substance List: 2-Pyrrolidinone: Y.

## 15.2. Chemical safety assessment

No data is available on this product.

## SECTION 16: Other information

## Other information

## Revision

This document differs from the previous version in the following areas:.

8 - Skin protection - Hand protection.

8 - Eye / face protection.

# SAFETY DATA SHEET

according to 29 CFR 1910.1200 and GHS

Page 1/6

## Wash Buffer, 25X

Revision 0  
Revision date 2018-10-04

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

|              |                  |
|--------------|------------------|
| Product name | Wash Buffer, 25X |
| Product code | 24218, 24629     |

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

|             |                                                                                                                        |
|-------------|------------------------------------------------------------------------------------------------------------------------|
| Product Use | [SU3] Industrial uses: Uses of substances as such or in preparations at industrial sites; [PC21] Laboratory chemicals; |
| Description | Intended for laboratory use only.                                                                                      |

#### 1.3. Details of the supplier of the safety data sheet

|           |                                              |
|-----------|----------------------------------------------|
| Company   | Neogen Corporation                           |
| Address   | 620 Leshler Place<br>Lansing MI 48912<br>USA |
| Web       | www.neogen.com                               |
| Telephone | 517-372-9200/800-234-5333                    |
| Email     | regulatorysupport@neogen.com                 |

#### 1.4. Emergency telephone number

|                            |                |
|----------------------------|----------------|
| Emergency telephone number | 1-800-234-5333 |
|----------------------------|----------------|

#### Further information

|             |                                                                                                                                                             |

|                   |                       |
|-------------------|-----------------------|
| Hazard Statements | No Significant Hazard |
|-------------------|-----------------------|

### SECTION 3: Composition/information on ingredients

#### Description

No components need to be disclosed according to the applicable regulations.

### SECTION 4: First aid measures

#### 4.1. Description of first aid measures

|              |                                                                           |
|--------------|---------------------------------------------------------------------------|
| Inhalation   | No irritation expected. Move the exposed person to fresh air.             |
| Eye contact  | Rinse immediately with plenty of water. Contact lenses should be removed. |
| Skin contact | No irritation expected. Rinse immediately with plenty of water.           |

# Wash Buffer, 25X

Revision 0  
Revision date 2018-10-04

## 4.1. Description of first aid measures

|           |                                                                                                                    |
|-----------|--------------------------------------------------------------------------------------------------------------------|
| Ingestion | DO NOT INDUCE VOMITING unless advised to do so by a doctor. Never give anything by mouth to an unconscious person. |
|-----------|--------------------------------------------------------------------------------------------------------------------|

## 4.2. Most important symptoms and effects, both acute and delayed

|              |                                                                                   |
|--------------|-----------------------------------------------------------------------------------|
| Inhalation   | No irritation expected. Seek medical attention if irritation or symptoms persist. |
| Eye contact  | No irritation expected. Seek medical attention if irritation or symptoms persist. |
| Skin contact | No irritation expected. Seek medical attention if irritation or symptoms persist. |
| Ingestion    | If you feel unwell, seek medical advice (show the label where possible).          |

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

|  |                                                                         |
|--|-------------------------------------------------------------------------|
|  | Use extinguishing media appropriate to the surrounding fire conditions. |
|--|-------------------------------------------------------------------------|

### 5.2. Special hazards arising from the substance or mixture

|  |                                                                                                        |
|--|--------------------------------------------------------------------------------------------------------|
|  | This product is not flammable. Use extinguishing media appropriate to the surrounding fire conditions. |
|--|--------------------------------------------------------------------------------------------------------|

### 5.3. Advice for firefighters

|  |                                                     |
|--|-----------------------------------------------------|
|  | Wear suitable respiratory equipment when necessary. |
|--|-----------------------------------------------------|

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

|  |                                                                                                                                    |
|--|------------------------------------------------------------------------------------------------------------------------------------|
|  | Adopt best Manual Handling considerations when handling, carrying and dispensing. Ensure adequate ventilation of the working area. |
|--|------------------------------------------------------------------------------------------------------------------------------------|

### 6.2. Environmental precautions

|  |                                                                                        |
|--|----------------------------------------------------------------------------------------|
|  | Prevent further spillage if safe. Clean spillage area thoroughly with plenty of water. |
|--|----------------------------------------------------------------------------------------|

### 6.3. Methods and material for containment and cleaning up

|  |                                                                                                                                   |
|--|-----------------------------------------------------------------------------------------------------------------------------------|
|  | Absorb spillage to prevent material damage. Clean spillage area thoroughly with plenty of water. Do not flush into surface water. |
|--|-----------------------------------------------------------------------------------------------------------------------------------|

### 6.4. Reference to other sections

|  |                                                |
|--|------------------------------------------------|
|  | See section 2, 8 & 13 for further information. |
|--|------------------------------------------------|

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

|  |                                                                                                                                                                                                                                       |
|--|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  | Adopt best Manual Handling considerations when handling, carrying and dispensing. Avoid contact with eyes. Do not eat, drink or smoke in areas where this product is used or stored. Ensure adequate ventilation of the working area. |
|--|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

### 7.2. Conditions for safe storage, including any incompatibilities

|  |                                                                                        |
|--|----------------------------------------------------------------------------------------|
|  | Keep refrigerated. Keep container tightly closed. Keep only in the original container. |
|--|----------------------------------------------------------------------------------------|

### 7.3. Specific end use(s)

|  |                                          |
|--|------------------------------------------|
|  | See Section 1.2 for further information. |
|--|------------------------------------------|

## SECTION 8: Exposure controls/personal protection

### 8.2. Exposure controls

## Wash Buffer, 25X

Revision 0  
Revision date 2018-10-04

## 8.2. Exposure controls

|                                   |                                                                                   |
|-----------------------------------|-----------------------------------------------------------------------------------|
|                                   |  |
| Appropriate engineering controls  | Ensure adequate ventilation of the working area.                                  |
| Individual protection measures    | Use as appropriate: Protective clothing.                                          |
| Eye / face protection             | Use as appropriate: Suitable eye protection.                                      |
| Skin protection - Hand protection | Use as appropriate: Chemical resistant gloves.                                    |
| Respiratory protection            | In case of insufficient ventilation, wear suitable respiratory equipment.         |
| Occupational exposure controls    | Keep away from food, drink and animal feed and/ or feed products.                 |

## SECTION 9: Physical and chemical properties

## 9.1. Information on basic physical and chemical properties

|                                 |                   |
|---------------------------------|-------------------|
| <b>State</b>                    | Liquid            |
| <b>Color</b>                    | No data available |
| <b>Odor</b>                     | No data available |
| <b>Vapor pressure</b>           | No data available |
| <b>Vapor density</b>            | No data available |
| <b>Relative density</b>         | No data available |
| <b>Fat Solubility</b>           | No data available |
| <b>Partition coefficient</b>    | No data available |
| <b>Autoignition temperature</b> | No data available |
| <b>Viscosity</b>                | No data available |
| <b>Explosive properties</b>     | No data available |
| <b>Oxidising properties</b>     | No data available |
| <b>Flash point</b>              | No data available |
| <b>Freezing Point</b>           | No data available |
| <b>Boiling point</b>            | No data available |
| <b>Evaporation rate</b>         | No data available |
| <b>Odour threshold</b>          | No data available |
| <b>pH</b>                       | No data available |
| <b>Melting point</b>            | Not applicable.   |
| <b>Flammability limits</b>      | Not applicable.   |
| <b>Solubility</b>               | Soluble in water  |

## 9.2. Other information

|                                         |                   |
|-----------------------------------------|-------------------|
| <b>Conductivity</b>                     | No data available |
| <b>Surface tension</b>                  | No data available |
| <b>Gas group</b>                        | No data available |
| <b>Benzene Content</b>                  | No data available |
| <b>Lead content</b>                     | No data available |
| <b>VOC (Volatile organic compounds)</b> | No data available |

## Wash Buffer, 25X

Revision 0  
Revision date 2018-10-04**SECTION 10: Stability and reactivity****10.1. Reactivity**

Stable under normal conditions.

**10.2. Chemical stability**

Stable under normal conditions.

**10.3. Possibility of hazardous reactions**

No Significant Hazard.

**10.4. Conditions to avoid**

Keep away from heat.

**10.5. Incompatible materials**

No data available.

**10.6. Hazardous decomposition products**

Carbon oxides.

**SECTION 11: Toxicological information****11.1. Information on toxicological effects**

|                                |                                                                                                                                                                                                                                                                          |
|--------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Acute toxicity                 | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Skin corrosion/irritation      | No irritation expected.                                                                                                                                                                                                                                                  |
| Serious eye damage/irritation  | No irritation expected.                                                                                                                                                                                                                                                  |
| Germ cell mutagenicity         | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Carcinogenicity                | Not found to be a potential carcinogen in the International Agency for Research on Cancer (IARC) Monographs, Volumes 1-112.<br>Not listed in the National Toxicology Program (NTP) 13th Report on Carcinogens.<br>Not listed in the OSHA standard 1910.1003 Carcinogens. |
| Reproductive toxicity          | No Significant Hazard.                                                                                                                                                                                                                                                   |
| STOT-single exposure           | No Significant Hazard.                                                                                                                                                                                                                                                   |
| STOT-repeated exposure         | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Aspiration hazard              | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Repeated or prolonged exposure | Avoid prolonged or repeated exposure.                                                                                                                                                                                                                                    |

No data is available on this product.

## 12.6. Other adverse effects

Caution - substance not yet fully tested.

**SECTION 13: Disposal considerations**

## 13.1. Waste treatment methods

Dispose of in compliance with all. local and national regulations.

## Disposal methods

Dispose of in compliance with all. local and national regulations.

## Disposal of packaging

Dispose of in compliance with all. local and national regulations.

**SECTION 14: Transport information**

## 14.1. UN number

The product is not classified as dangerous for carriage.

## 14.2. UN proper shipping name

The product is not classified as dangerous for carriage.

## 14.3. Transport hazard class(es)

The product is not classified as dangerous for carriage.

## 14.4. Packing group

The product is not classified as dangerous for carriage.

## 14.5. Environmental hazards

The product is not classified as dangerous for carriage.

## 14.6. Special precautions for user

The product is not classified as dangerous for carriage.

## 14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

The product is not classified as dangerous for carriage.

**SECTION 15: Regulatory information**

## 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

## Regulations

Hazard Communication Standard: 29 Code of Federal Regulations 1910.1200: Occupational Safety and Health Standards: Z: Toxic and Hazardous Substances: Hazard Communication.

All chemicals in this product are TSCA listed or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory. TSCA - United States Toxic Substances Control Act Section 8(b) Inventory.

## Rapid Extraction Buffer, Type 8

Revision 0  
Revision date 2018-12-06

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

|              |                                 |
|--------------|---------------------------------|
| Product name | Rapid Extraction Buffer, Type 8 |
| Product code | T502269D                        |

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

|             |                                                                                                                        |
|-------------|------------------------------------------------------------------------------------------------------------------------|
| Product Use | [SU3] Industrial uses: Uses of substances as such or in preparations at industrial sites; [PC21] Laboratory chemicals; |
| Description | Intended for laboratory use only.                                                                                      |

#### 1.3. Details of the supplier of the safety data sheet

|           |                                              |
|-----------|----------------------------------------------|
| Company   | Neogen Corporation                           |
| Address   | 620 Leshler Place<br>Lansing MI 48912<br>USA |
| Web       | www.neogen.com                               |
| Telephone | 517-372-9200/800-234-5333                    |
| Email     | regulatorysupport@neogen.com                 |

#### 1.4. Emergency telephone number

|                            |                |
|----------------------------|----------------|
| Emergency telephone number | 1-800-234-5333 |
|----------------------------|----------------|

#### Further information

|             |                                                                                                                                                             |
|-------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Hotline(s): | Medical: United States (1-800-498-5743), International (1-651-523-0318).<br>Spill/CHEMTREC: United States (1-800-424-9300), International (1-703-527-3887). |
|-------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|

### SECTION 2: Hazards identification

#### 2.2. Label elements

|                   |                       |
|-------------------|-----------------------|
| Hazard Statements | No Significant Hazard |
|-------------------|-----------------------|

### SECTION 3: Composition/information on ingredients

#### Description

No components need to be disclosed according to the applicable regulations.

### SECTION 4: First aid measures

#### 4.1. Description of first aid measures

|              |                                                                           |
|--------------|---------------------------------------------------------------------------|
| Inhalation   | No irritation expected. Move the exposed person to fresh air.             |
| Eye contact  | Rinse immediately with plenty of water. Contact lenses should be removed. |
| Skin contact | No irritation expected. Rinse immediately with plenty of water.           |

# Rapid Extraction Buffer, Type 8

Revision 0  
Revision date 2018-12-06

## 4.1. Description of first aid measures

|           |                                                                                                                    |
|-----------|--------------------------------------------------------------------------------------------------------------------|
| Ingestion | DO NOT INDUCE VOMITING unless advised to do so by a doctor. Never give anything by mouth to an unconscious person. |
|-----------|--------------------------------------------------------------------------------------------------------------------|

## 4.2. Most important symptoms and effects, both acute and delayed

|              |                                                                                   |
|--------------|-----------------------------------------------------------------------------------|
| Inhalation   | No irritation expected. Seek medical attention if irritation or symptoms persist. |
| Eye contact  | No irritation expected. Seek medical attention if irritation or symptoms persist. |
| Skin contact | No irritation expected. Seek medical attention if irritation or symptoms persist. |
| Ingestion    | If you feel unwell, seek medical advice (show the label where possible).          |

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

|  |                                                                         |
|--|-------------------------------------------------------------------------|
|  | Use extinguishing media appropriate to the surrounding fire conditions. |
|--|-------------------------------------------------------------------------|

### 5.2. Special hazards arising from the substance or mixture

|  |                                                                                                        |
|--|--------------------------------------------------------------------------------------------------------|
|  | This product is not flammable. Use extinguishing media appropriate to the surrounding fire conditions. |
|--|--------------------------------------------------------------------------------------------------------|

### 5.3. Advice for firefighters

|  |                                                     |
|--|-----------------------------------------------------|
|  | Wear suitable respiratory equipment when necessary. |
|--|-----------------------------------------------------|

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

|  |                                                                                                                                    |
|--|------------------------------------------------------------------------------------------------------------------------------------|
|  | Adopt best Manual Handling considerations when handling, carrying and dispensing. Ensure adequate ventilation of the working area. |
|--|------------------------------------------------------------------------------------------------------------------------------------|

### 6.2. Environmental precautions

|  |                                                                                        |
|--|----------------------------------------------------------------------------------------|
|  | Prevent further spillage if safe. Clean spillage area thoroughly with plenty of water. |
|--|----------------------------------------------------------------------------------------|

### 6.3. Methods and material for containment and cleaning up

|  |                                                                                                                                   |
|--|-----------------------------------------------------------------------------------------------------------------------------------|
|  | Absorb spillage to prevent material damage. Clean spillage area thoroughly with plenty of water. Do not flush into surface water. |
|--|-----------------------------------------------------------------------------------------------------------------------------------|

### 6.4. Reference to other sections

|  |                                                |
|--|------------------------------------------------|
|  | See section 2, 8 & 13 for further information. |
|--|------------------------------------------------|

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

|  |                                                                                                                                                                                                                                       |
|--|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  | Adopt best Manual Handling considerations when handling, carrying and dispensing. Avoid contact with eyes. Do not eat, drink or smoke in areas where this product is used or stored. Ensure adequate ventilation of the working area. |
|--|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

### 7.2. Conditions for safe storage, including any incompatibilities

|  |                                                                                        |
|--|----------------------------------------------------------------------------------------|
|  | Keep refrigerated. Keep container tightly closed. Keep only in the original container. |
|--|----------------------------------------------------------------------------------------|

### 7.3. Specific end use(s)

|  |                                          |
|--|------------------------------------------|
|  | See Section 1.2 for further information. |
|--|------------------------------------------|

## SECTION 8: Exposure controls/personal protection

### 8.2. Exposure controls

|                                  |                                                  |
|----------------------------------|--------------------------------------------------|
| Appropriate engineering controls | Ensure adequate ventilation of the working area. |
|----------------------------------|--------------------------------------------------|

# Rapid Extraction Buffer, Type 8

Revision 0  
Revision date 2018-12-06

## 8.2. Exposure controls

|                                   |                                                                           |
|-----------------------------------|---------------------------------------------------------------------------|
| Individual protection measures    | Use as appropriate: Protective clothing.                                  |
| Eye / face protection             | Use as appropriate: Suitable eye protection.                              |
| Skin protection - Hand protection | Use as appropriate: Chemical resistant gloves.                            |
| Respiratory protection            | In case of insufficient ventilation, wear suitable respiratory equipment. |
| Occupational exposure controls    | Keep away from food, drink and animal feed and/ or feed products.         |

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

|                          |                   |
|--------------------------|-------------------|
| State                    | Liquid            |
| Color                    | Clear             |
| Odor                     | Odorless/Slight   |
| Odour threshold          | No data available |
| pH                       | No data available |
| Melting point            | No data available |
| Freezing Point           | No data available |
| Boiling point            | No data available |
| Flash point              | No data available |
| Evaporation rate         | No data available |
| Flammability limits      | Not applicable.   |
| Vapor pressure           | No data available |
| Vapor density            | No data available |
| Relative density         | No data available |
| Partition coefficient    | No data available |
| Autoignition temperature | No data available |
| Viscosity                | No data available |
| Explosive properties     | No data available |
| Oxidising properties     | No data available |
| Solubility               | Soluble in water  |

### 9.2. Other information

|                                  |                   |
|----------------------------------|-------------------|
| VOC (Volatile organic compounds) | No data available |
|----------------------------------|-------------------|

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

|  |                                 |
|--|---------------------------------|
|  | Stable under normal conditions. |
|--|---------------------------------|

### 10.2. Chemical stability

|  |                                 |
|--|---------------------------------|
|  | Stable under normal conditions. |
|--|---------------------------------|

### 10.3. Possibility of hazardous reactions

|  |                        |
|--|------------------------|
|  | No Significant Hazard. |
|--|------------------------|

### 10.4. Conditions to avoid

|  |                      |
|--|----------------------|
|  | Keep away from heat. |
|--|----------------------|

### 10.5. Incompatible materials

|  |  |
|--|--|
|  |  |
|--|--|

# Rapid Extraction Buffer, Type 8

Revision 0  
Revision date 2018-12-06

## 10.5. Incompatible materials

No data available.

## 10.6. Hazardous decomposition products

Carbon oxides.

## SECTION 11: Toxicological information

### 11.1. Information on toxicological effects

|                                |                                                                                                                                                                                                                                                                          |
|--------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Acute toxicity                 | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Skin corrosion/irritation      | No irritation expected.                                                                                                                                                                                                                                                  |
| Serious eye damage/irritation  | No irritation expected.                                                                                                                                                                                                                                                  |
| Germ cell mutagenicity         | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Carcinogenicity                | Not found to be a potential carcinogen in the International Agency for Research on Cancer (IARC) Monographs, Volumes 1-112.<br>Not listed in the National Toxicology Program (NTP) 13th Report on Carcinogens.<br>Not listed in the OSHA standard 1910.1003 Carcinogens. |
| Reproductive toxicity          | No Significant Hazard.                                                                                                                                                                                                                                                   |
| STOT-single exposure           | No Significant Hazard.                                                                                                                                                                                                                                                   |
| STOT-repeated exposure         | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Aspiration hazard              | No Significant Hazard.                                                                                                                                                                                                                                                   |
| Repeated or prolonged exposure | Avoid prolonged or repeated exposure.                                                                                                                                                                                                                                    |

#### 11.1.2. Mixtures

Caution - substance not yet fully tested.

#### 11.1.4. Toxicological information

No data available

## SECTION 12: Ecological information

### 12.1. Toxicity

No data available

### 12.2. Persistence and degradability

No data is available on this product.

### 12.3. Bioaccumulative potential

No data is available on this product.

### Partition coefficient

**Rapid Extraction Buffer, Type 8** No data available

### 12.4. Mobility in soil

No data is available on this product.

### 12.5. Results of PBT and vPvB assessment

No data is available on this product.

### 12.6. Other adverse effects

Caution - substance not yet fully tested.

# Rapid Extraction Buffer, Type 8

Revision 0  
Revision date 2018-12-06

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

Dispose of in compliance with all. local and national regulations.

### Disposal methods

Dispose of in compliance with all. local and national regulations.

### Disposal of packaging

Dispose of in compliance with all. local and national regulations.

## SECTION 14: Transport information

### 14.1. UN number

The product is not classified as dangerous for carriage.

### 14.2. UN proper shipping name

The product is not classified as dangerous for carriage.

### 14.3. Transport hazard class(es)

The product is not classified as dangerous for carriage.

### 14.4. Packing group

The product is not classified as dangerous for carriage.

### 14.5. Environmental hazards

The product is not classified as dangerous for carriage.

### 14.6. Special precautions for user

The product is not classified as dangerous for carriage.

### 14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

The product is not classified as dangerous for carriage.

## SECTION 15: Regulatory information

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

|                    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |

## Stop Solution-BioKits

Revision 0  
Revision date 2018-12-06

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

|              |                       |
|--------------|-----------------------|
| Product name | Stop Solution-BioKits |
| Product code | T502205G              |

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

|             |                                                                                                                        |
|-------------|------------------------------------------------------------------------------------------------------------------------|
| Product Use | [SU3] Industrial uses: Uses of substances as such or in preparations at industrial sites; [PC21] Laboratory chemicals; |
| Description | For laboratory use only.                                                                                               |

#### 1.3. Details of the supplier of the safety data sheet

|           |                                              |
|-----------|----------------------------------------------|
| Company   | Neogen Corporation                           |
| Address   | 620 Leshler Place<br>Lansing MI 48912<br>USA |
| Web       | www.neogen.com                               |
| Telephone | 517-372-9200/800-234-5333                    |
| Email     | regulatorysupport@neogen.com                 |

#### 1.4. Emergency telephone number

|                            |                |
|----------------------------|----------------|
| Emergency telephone number | 1-800-234-5333 |
|----------------------------|----------------|

#### Further information

|             |                                                                                                                                                             |
|-------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Hotline(s): | Medical: United States (1-800-498-5743), International (1-651-523-0318).<br>Spill/CHEMTREC: United States (1-800-424-9300), International (1-703-527-3887). |
|-------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|

### SECTION 2: Hazards identification

#### 2.1. Classification of the substance or mixture

|                             |                      |
|-----------------------------|----------------------|
| 2.1.2. Classification - GHS | Skin Corr. 1B: H314; |
|-----------------------------|----------------------|

#### 2.2. Label elements

|                                     |                                                                                                                                                                                        |
|-------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Hazard pictograms                   |                                                                                                     |
| Signal Word                         | Danger                                                                                                                                                                                 |
| Hazard Statement                    | Skin Corr. 1B: H314 - Causes severe skin burns and eye damage.                                                                                                                         |
| Precautionary Statement: Prevention | P260 - Do not breathe dust/fume/gas/mist/vapours/spray.<br>P264 - Wash thoroughly after handling.<br>P280 - Wear protective gloves/protective clothing/eye protection/face protection. |

## 2.2. Label elements

|                                          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
|------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Precautionary Statement: Response</b> | P301+P330+P331 - IF SWALLOWED: rinse mouth. Do NOT induce vomiting.<br>P303+P361+P353 - IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower.<br>P304+P340 - IF INHALED: Remove person to fresh air and keep comfortable for breathing.<br>P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.<br>P310 - Immediately call a POISON CENTER/doctor/ .<br>P363 - Wash contaminated clothing before reuse. |
| <b>Precautionary Statement: Storage</b>  | P405 - Store locked up.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| <b>Precautionary Statement: Disposal</b> | P501 - Dispose of contents/container to an approved waste disposal facility in accordance with local and national regulations.                                                                                                                                                                                                                                                                                                                                                                                                                     |

## SECTION 3: Composition/information on ingredients

### 3.2. Mixtures

EC 1272/2008

| Chemical Name                         | Index No.    | CAS No.   | EC No.    | REACH Registration Number | Conc. (%w/w) | Classification       |
|---------------------------------------|--------------|-----------|-----------|---------------------------|--------------|----------------------|
| Phosphoric acid...% (Phosphoric acid) | 015-011-00-6 | 7664-38-2 | 231-633-2 |                           | 20 - 30%     | Skin Corr. 1B: H314; |

### Further information

|  |                                                                                          |
|--|------------------------------------------------------------------------------------------|
|  | The exact percentage (concentration) of composition has been withheld as a trade secret. |
|--|------------------------------------------------------------------------------------------|

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

|                     |                                                                                                                                                                                 |
|---------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Inhalation</b>   | May cause irritation to respiratory system. Move the exposed person to fresh air.                                                                                               |
| <b>Eye contact</b>  | Rinse immediately with plenty of water for 15 minutes holding the eyelids open. Contact lenses should be removed. Immediate medical attention is required.                      |
| <b>Skin contact</b> | Remove contaminated clothing. Wash off immediately with plenty of soap and water. Seek medical attention.                                                                       |
| <b>Ingestion</b>    | DO NOT INDUCE VOMITING. Rinse mouth thoroughly. Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible). |

### 4.2. Most important symptoms and effects, both acute and delayed

|                     |                                                        |
|---------------------|--------------------------------------------------------|
| <b>Inhalation</b>   | May cause irritation to respiratory system.            |
| <b>Eye contact</b>  | Causes severe burns. Risk of serious damage to eyes.   |
| <b>Skin contact</b> | Causes severe burns.                                   |
| <b>Ingestion</b>    | Causes burns. Ingestion may cause nausea and vomiting. |

### 4.3. Indication of any immediate medical attention and special treatment needed

|  |                                                                                                                                                                                                             |
|--|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  | Remove the affected person from the source of contamination immediately. If you feel unwell, seek medical advice (show the label where possible). Seek medical attention if irritation or symptoms persist. |
|--|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

|  |                                                                         |
|--|-------------------------------------------------------------------------|
|  | Use extinguishing media appropriate to the surrounding fire conditions. |
|--|-------------------------------------------------------------------------|

# Stop Solution-BioKits

Revision 0  
Revision date 2018-12-06

## 5.2. Special hazards arising from the substance or mixture

Heat will increase pressure in sealed containers. Cool fire exposed containers with waterspray. Burning produces irritating, toxic and obnoxious fumes.

## 5.3. Advice for firefighters

In case of fire and/or explosion do not breathe fumes. Wear suitable respiratory equipment when necessary.

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

Avoid contact with eyes and skin. Wash hands after handling the product. Ensure adequate ventilation of the working area.

### 6.2. Environmental precautions

Do not allow product to enter drains. Prevent further spillage if safe.

### 6.3. Methods and material for containment and cleaning up

Absorb spillage to prevent material damage. Absorb with inert, absorbent material. Transfer to suitable, labelled containers for disposal.

### 6.4. Reference to other sections

See section 2, 8, and 13 for further information.

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

Adopt best Manual Handling considerations when handling, carrying and dispensing. Wear suitable gloves and eye/face protection. Avoid contact with eyes, skin or clothing. Wash hands after handling the product. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Ensure adequate ventilation of the working area.

### 7.2. Conditions for safe storage, including any incompatibilities

Keep only in the original container in a cool, well-ventilated place away from excessive heat or cold.

### 7.3. Specific end use(s)

See section 1.2 for further information.

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

#### Exposure Limit Values

|                                       |                                    |                                     |
|---------------------------------------|------------------------------------|-------------------------------------|

### 8.2. Exposure controls

# Stop Solution-BioKits

Revision 0  
Revision date 2018-12-06

## 8.2. Exposure controls

|                                   |                                                                                   |
|-----------------------------------|-----------------------------------------------------------------------------------|
|                                   |  |
| Appropriate engineering controls  | Ensure adequate ventilation of the working area.                                  |
| Individual protection measures    | Use as appropriate: Protective clothing.                                          |
| Eye / face protection             | Wear eye/face protection.                                                         |
| Skin protection - Hand protection | Wear suitable gloves.                                                             |
| Respiratory protection            | In case of insufficient ventilation, wear suitable respiratory equipment.         |
| Occupational exposure controls    | Keep away from food, drink and animal feed and/ or feed products.                 |

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

|                                 |                   |
|---------------------------------|-------------------|
| <b>State</b>                    | Liquid            |
| <b>Color</b>                    | Clear             |
| <b>Odor</b>                     | Odorless          |
| <b>Odour threshold</b>          | No data available |
| <b>pH</b>                       | No data available |
| <b>Melting point</b>            | No data available |
| <b>Freezing Point</b>           | No data available |
| <b>Boiling point</b>            | No data available |
| <b>Flash point</b>              | No data available |
| <b>Evaporation rate</b>         | No data available |
| <b>Flammability limits</b>      | Not applicable.   |
| <b>Vapor pressure</b>           | No data available |
| <b>Vapor density</b>            | No data available |
| <b>Relative density</b>         | No data available |
| <b>Partition coefficient</b>    | No data available |
| <b>Autoignition temperature</b> | No data available |
| <b>Viscosity</b>                | No data available |
| <b>Explosive properties</b>     | No data available |
| <b>Oxidising properties</b>     | No data available |
| <b>Solubility</b>               | Soluble in water  |

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

|  |                    |
|--|--------------------|
|  | No data available. |
|--|--------------------|

### 10.2. Chemical stability

|  |                                 |
|--|---------------------------------|
|  | Stable under normal conditions. |
|--|---------------------------------|

### 10.3. Possibility of hazardous reactions

|  |                                        |
|--|----------------------------------------|
|  | Keep away from incompatible materials. |
|--|----------------------------------------|

### 10.4. Conditions to avoid

# Stop Solution-BioKits

Revision 0  
Revision date 2018-12-06

## 10.4. Conditions to avoid

Keep away from heat. Heat will increase pressure in sealed containers.

## 10.5. Incompatible materials

Strong bases. Strong oxidizing agents.

## 10.6. Hazardous decomposition products

Carbon oxides.

## SECTION 11: Toxicological information

### 11.1. Information on toxicological effects

|                                   |                                                                                                                                                                                                                                                                          |
|-----------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Skin corrosion/irritation         | Causes burns.                                                                                                                                                                                                                                                            |
| Serious eye damage/irritation     | Causes burns.                                                                                                                                                                                                                                                            |
| Respiratory or skin sensitisation | No sensitization effects reported.                                                                                                                                                                                                                                       |
| Carcinogenicity                   | Not found to be a potential carcinogen in the International Agency for Research on Cancer (IARC) Monographs, Volumes 1-112.<br>Not listed in the National Toxicology Program (NTP) 13th Report on Carcinogens.<br>Not listed in the OSHA standard 1910.1003 Carcinogens. |
| Repeated or prolonged exposure    | Avoid prolonged or repeated exposure.                                                                                                                                                                                                                                    |

#### 11.1.4. Toxicological information

No data available

## SECTION 12: Ecological information

### 12.1. Toxicity

No data available

### 12.2. Persistence and degradability

No data available.

### 12.3. Bioaccumulative potential

No data available.

### Partition coefficient

Stop Solution-BioKits No data available

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

Dispose of in compliance with all local and national regulations.  
Do not contaminate water by cleaning of equipment or disposal of wastes.

### Disposal methods

Contact a licensed waste disposal company. Do not contaminate water by cleaning of equipment or disposal of wastes.

### Disposal of packaging

Do NOT reuse empty containers. Empty containers can be sent for disposal or recycling.

## SECTION 14: Transport information

# Stop Solution-BioKits

Revision 0  
Revision date 2018-12-06

## Hazard pictograms

### 14.1. UN number

UN1805

### 14.2. UN proper shipping name

PHOSPHORIC ACID, SOLUTION

### 14.3. Transport hazard class(es)

|                 |   |
|-----------------|---|
| DOT             | 8 |
| Subsidiary risk | - |
| IMDG            | 8 |
| Subsidiary risk | - |
| IATA            | 8 |
| Subsidiary risk | - |

### 14.4. Packing group

Packing group III

### 14.5. Environmental hazards

|                       |    |
|-----------------------|----|
| Environmental hazards | No |
| Marine pollutant      | No |

### DOT

|                 |     |
